

Cole and Kylei

Meet the Family

Hello! We are Cole and Kylei and we are so excited for the opportunity to be parents! We have dreamed of children our whole lives and cannot wait for this dream to become a reality! We are two loving, dedicated individuals with an amazing family support system.

COLE

- Cole is a farmer and the owner of a trucking company located five minutes from home!
- He is a calm, warm man who knows the value of an honest days work. Cole is dedicated, compassionate, and understanding.
- These qualities will make him a great dad! Our nephew, Fox, already thinks so! Cole is his best friend!
- When he is not spending time with family or friends, he really enjoys tinkering on machinery and playing golf!

KYLEI

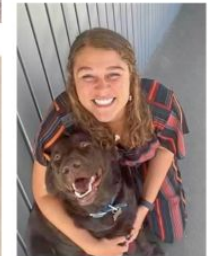

- Kylei is a high school Agriculture teacher who gets to travel the country with her students.

- She has an extreme passion for her students and loves having a job where she can make people smile every day.

- She loves to walk her dogs, play tennis, read, and try ice cream from all possible locations.

- Kylei is bubbly, thoughtful, empathetic, and upbeat.

- Her maternal instincts make it easy for her to love deeply and care about people with all her heart.

Ice cream is a must with your future Nanna Kelly!

Our Life Together

We met in 2019 on a study abroad trip to Ireland where it was love at first sight!

We have now been married for three years. We fell in love with each other's humor, family values, and our ability to put the other person's needs above our own.

We love to farm, travel, cook, play golf, and go on walks with our dogs.

Our Fur-Babies

We have had the pleasure of rescuing three very sweet animals who now live the life of luxury!

The handsome chocolate lab is Sam! He is a great walking buddy and comes to school with Kylei on a regular basis to help support the students.

Riley is the smiley white puppy on the right. She loves to play fetch and cuddle for as long as possible.

Lilly the cat is the green-eyed beauty in the coat! She loves to chase lazors and sleep on top of Sam!

Home Sweet Home

We live in a beautiful house that we have made a home together! It has 4 bedrooms, 2.5 bathrooms, and 2500 sq ft.

We love our home so much because we remodeled the entire house ourselves! We are very handy people and we have poured so much love into this home making it exactly what we want! From the siding, to the bathrooms, all the way to the garage.

A few things that we love about this house is the awesome fenced in backyard, the front porch perfect for watching sunsets, and the cute town that surrounds it! We live in a small community where everyone is a friend! We can walk to the grocery store, the post office, the park, and to a very cute ice cream shop! We also love our home because we are super close to family! We can drive five minutes either direction and have our loving family around!

Big Home Full of Love

Our kitchen is the hub of our home! We LOVE to cook together.

We are looking forward to decorating Christmas cookies, baking birthday cakes, and making dinner every night with our future children.

These bedrooms are going to become the perfect safe space for our future children.

We are excited to fill these rooms with cuddles, bedtime stories, and countless giggles!

We cannot wait to love and care for a baby here!

Why Adoption?

- We both grew up in amazing families and we want the opportunity to give a child the life that we were so blessed to have.
 - We have so much love to give and being biological parents is not in the cards for us.
- We have always dreamed of adoption and we welcome children of any ethnicity, race, or gender! We will love them all, and so will our family!
- We love each other so deeply. We know that there is a hole in our hearts waiting to be filled with the love of a child. We are excited to start our family together by giving a child their forever family.

♥ Kylei's Family ♥

Kylei grew up in a farming family! This group is full of love for each other and the world around them!

Kelly, Rodney, and Tyler are teachers and love helping students in anyway they can. Michael and his fiancée Sara are lovers of music and the arts! They are both performers and enjoy spreading happiness to the world through plays!

This family has an immense love for agriculture, education, music, athletics, and traveling!

Being a member of this family grants you the opportunity to see the world from so many different perspectives! This family truly knows how to love everyone!

Cole's Family

It is hard to find a family with more joy than this group.

This fun-loving, competitive group of people are going to push you to be better and support you with all of their love.

This was proven when our nephew, Fox, was born. It truly takes a village to raise a child and this group sets the standard!

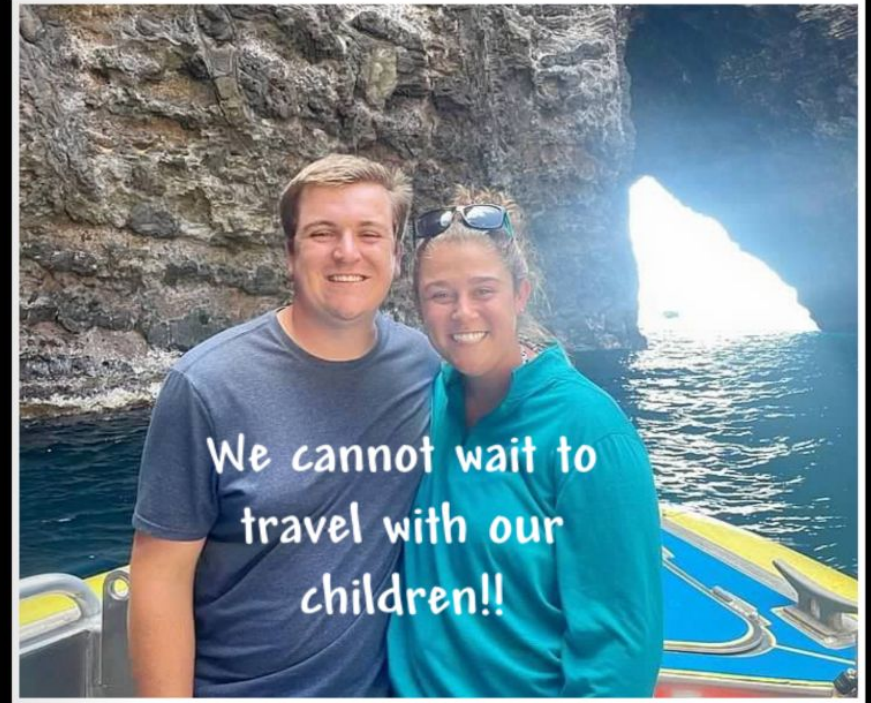

Our family gets together every Monday night for family dinner and it is the highlight of our week! Cole's family is the perfect mixture of fun, hard working, supportive, and generous.

Every single member of the family is willing to drop everything to help those in need and that is a quality that we hope to instill in our children some day soon!

Let's See the World!

Traveling the world is one of our passions! We have traveled to Ireland, Mexico, Hawaii, Puerto Rico, and Greece! We believe that experiencing other cultures is necessary for better understanding the world around us.

We cannot wait to travel with our children!!

Family Values

We were both raised by families that put tremendous value on being honest and kind to others. Being empathic towards those around you and doing all that you can to help those in need is second nature to us.

We both believe that having good morals means our children will be the first to help a person in need and the last to take advantage of someone in a vulnerable situation. We wish for our children to do what is right and be kind in all situations.

We promise to raise all future children with a good moral compass. One that leads them towards helping others and making the world a kinder place.

Thank you!!

We cannot thank you enough for taking the time to get to know us! We know that this is a very important decision, so let us ease your mind. We know that we have the qualities to be the best possible parents. We promise that if you choose us, this baby will be loved unconditionally from our entire family!

This child will be raised with a strong moral compass, a hard work ethic, and compassion for other people! We want them to have a love of the outdoors, staying active, and seeing the world, but most importantly, we want them to grow up being confident in who they are and knowing that they are enough!
