

Matt & Megan

HELLO, WE ARE MATT AND MEGAN!

Thank you for taking the time to get to know us a little bit. You are so brave and we cannot begin to imagine the emotions you are experiencing throughout this journey.

We hope our book offers a glimpse into our life, personalities, and how much love we have to give to any baby that joins our family.

We are very ready and prepared to add a baby of any ethnicity or gender to our family!

We pray for you to have strength, protection, and peace during this whole process.

WHY ADOPTION:

We knew adoption was the right path for us after finding out we were unlikely to have biological children.

Adoption has been a big part of both of our families' lives, so this decision has felt like the natural next step for us!

Matt's grandparents adopted his uncle as an infant over 50 years ago!

Megan's sister adopted two of our nieces through foster care a few years ago! We are very close with them and can't imagine our extended family without them.

OUR PROMISE TO YOU:

It is important to us, that the child we adopt, knows from the very beginning about thier story.

We promise to love the child unconditionally their entire life!

We will always provide a safe home and neighborhood for the child.

We will help create fun childhood memories and experiences through family vacations, time with extended family, & the joy in day to day life.

We will respect the child's background, and do our very best to help them understand and appreciate thier heritage.

OUR TWIN NIECES' ADOPTION DAY!

Matt is usually happiest doing something in the water- swimming, water skiing, kayaking, or jumping waves in the ocean.

He will be such a fun and involved dad!

MEET
MATT

Matt is 27 years old and is a Mechanical Engineer.

He can do just about anything he puts his mind to-- ranging from:

- Working on cars (he restored a 1970 Mustang!)
- Home improvement projects
- Making people laugh and feel special

Matt helping our nephew Hudson paint.

He is looking forward to passing down his handyman skills to our children one day.

MEET MEGAN

Megan is 28 years old. She currently works at a local bakery doing customer service, but plans to be a stay-at-home mom with our children.

Megan has her degree in Elementary Education. She is passionate about working with kids and making them feel seen and understood.

Megan loves a good cup of coffee and is always excited about hanging out in a coffee shop.

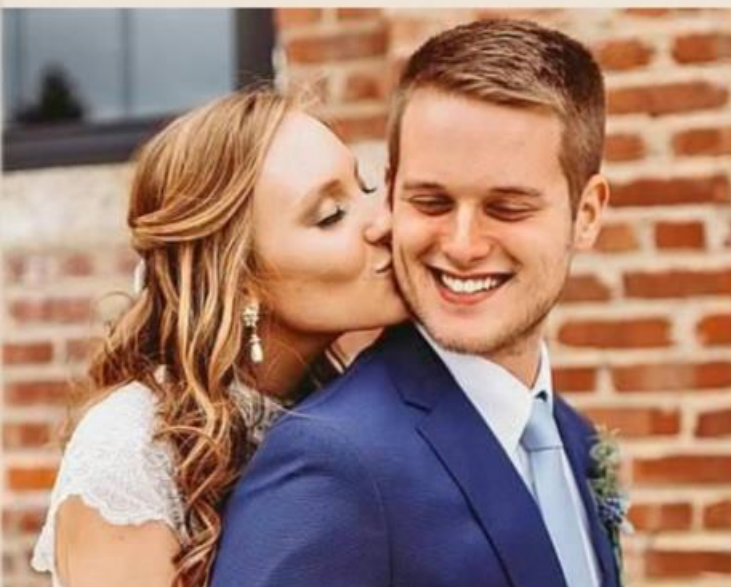

She also enjoys gardening, going to thrift stores, hiking and spending time with family.

OUR STORY

We met in February 2020. Our relationship felt right from the beginning.

Megan texted her family after the first date and told them "I think I just met my future husband!"

We got engaged in September of 2020 and then got married in March 2021.

We love being married and doing life together, but we have always known we wanted to add kids to our family.

We both have a deep desire to be parents, but have been unable to have children. We are so excited to grow our family through the blessing of adoption!

OUR HOME

Our yard is our favorite part of our home- featuring wide open grassy areas, a garden, pear tree, and berry bushes.

Part of our yard is fenced-in for our future children's safety. We know our children will enjoy helping us garden and having a large yard to play in.

Matt just remodeled the baby's nursery!

We have a 3 bed 2 bath home on over 2.5 acres.

OUR COMMUNITY

Our town has several amazing parks, a community pool, and 2 splashpads for younger kids

We are within walking distance from our community pool and we have season pool passes -- so we will definitely be taking the baby to the splash pad frequently in the summers!

TRAVEL ADVENTURES:

Jamaica

We love to travel (especially to warmer climates than where we live).

We can't wait to get to share many more travel experiences with our future children!

Lake Tahoe, California

New Hampshire

A FEW OF OUR FAVORITE TRADITIONS

We have many Christmas traditions such as our Christmas Eve candle light dinner, cookie decorating, and all the neices and nephews wearing matching Christmas pajamas.

We are so excited to include our children in all of our family traditions!

Pizza is Megan's favorite food! We love having our freinds and family over to make wood-fired pizza.

Even the pouring down rain can't stop Matt from making pizza!

SERVING OUR LOCAL COMMUNITY AND CHURCH

We can't wait to teach our children
about loving and serving others!

Matt is on the
media production
team at our
church

He also helps with
oil changes for
single mothers

Our church has an
amazing children's
program - they are
always doing fun
events for the kids
and families!

Megan loves working
with kids and students.

She serves with the Jr.
High and High School

Our neices and nephews are SO excited to have a new little cousin added to the family!

Megan's parents- Greg & Gail

Megan's sister Ashlee and her husband Bryan have twin girls: Kate & Jade

Megan's Brother Wes & his wife Amanda have 5 kids: Caleb, Maci, Landon, Abigail, & Hudson

FUN WITH FRIENDS

We see Nick & Katy a couple times a week. We love having game nights and going on double dates together.

We travel to see Matt's best friends (Brendan & Seth) and their wives (Laura & Caitlynn) at least once a year. One of them lives in Tampa, Florida and the other couple lives in Dallas, Texas.

These friends feel more like family to us, and will be bonus aunts & uncles to our children.

THANK YOU!

We will continue to pray for you as you walk through all of these decisions.

No matter the child we adopt, we want the child to always know how brave and selfless their biological mom is!

We are so thankful for you taking the time to consider us as adoptive parents for your child.

We hope to hear from you soon!

WITH LOVE,
MEGAN & MATT
